DevOps & MLOps Learner at Linux World
Solapur

Summary

I am currently enrolled in the Walchand Institute of Technology and pursuing an undergraduate degree in ENTC. I am interested in the Data Science field and am seeking exciting opportunities related to the same.

Being a student, I have repeatedly been exposed to new cultures, technology, and diverse groups of people. This made me to quickly adapt to changes and gain a broader perspective. I am always curious about new things and enjoy learning. I like to solve problems and discover new things. I like to keep things simple and productive.

I believe that the skills that I have attained from the dynamic environment and competitive university life define me and I am looking forward to implementing and polishing them in any opportunity that I receive.

Competencies: data science, machine learning, deep learning, cloud computing, Python, DevOps (Docker, Kubernetes, Jenkins, ELK).
