abhay rai

Student at Techno India Salt Lake Kolkata

Dhanbad

Summary

I am Abhay Rai. Currently I am a student and pursuing BTech in ECE. I am quite interested in coding and currently I have been learning Python and C++,C. I have a knack for Web Development and Design and I want to further extend my knowledge in the field of Machine Learning and AI. I love competitive coding as well. I am very enthusiastic to learn new things and am a so called quick study. And I hope that at the end of the my Btech course I would be capable enough to pursue higher studies and broaden my knowledge in my respective field.

Education

Techno India Salt Lake Kolkata

b.tech, ECE · (2018 - 2022)
